

# THE DETERIORATION OF AMERICA IS ESCALATING

July 26, 2015 [Todd Bennett](#) Off [Articles](#),

Shalom All,

This past week the veil of deception was ripped off of Planned Parenthood for all to see. At the very core, this organization is evil beyond comprehension to the average person. I have been involved in the pro-life movement for decades and am very familiar with this organization and the horrific aspects of abortion, which they promote as “birth control”.

Of course, anyone could research the beliefs and aspirations of their founder, Margaret Sanger, and discern her goal of eugenics. But that is probably too much trouble for most people to do nowadays. It would actually take a painstaking 20 seconds to discover that Sanger founded the American Birth Control League (ABCL), which along with other groups eventually became known as Planned Parenthood.

The motivation of these individuals was racism and their goal was to sterilize those deemed “unfit”. It is well documented that Sanger would speak and promote her ideas to Ku Klux Klan assemblies. Of course, the modern organization of Planned Parenthood seeks to distance itself from that dark and miry past. Through the decades they have moved on to a much greater evil goal – the unbridled destruction of life. They no longer discriminate between races or poverty levels. Incredibly though, they put on a face of benevolence and altruism. This is what the Bible would call a wolf in sheep’s clothing.

Here is a quote from their website describing their goal: “We are a trusted health care provider, an informed educator, a passionate advocate, and a global partner helping similar organizations around the world. Planned Parenthood delivers vital reproductive health care, sex education, and information to millions of women, men, and young people worldwide.”

Of course these lame statements are belied by the recent videotapes exposing them as body organ and tissue traffickers, which is a Federal Crime. Still their public image campaign is very effective with the spiritually dead and ignorant masses who have chosen to bury their head in the sand on these matters.

In truth, reproductive healthcare is an oxymoron because it’s goal is to stop reproduction and it has nothing to do with health. It only focuses on death. The Creator made man and women to be fruitful and multiply. Reproduction is the purpose and design of the Creator.

Any effort to thwart that design goes against the very fabric of creation. Of course, this is what the serpent attempted to do in the Garden and he continues his plan of destruction to this day under the guise of “healthcare.” Is it any wonder that the symbol of healthcare and medicine is the Rod of Asclepius, the serpent-entwined staff.

It is time to “take the gloves off” and stop pulling punches. This organization is straight from the pit of hell. It is a death factory conceived by Satan as he seeks to destroy all the “unwanted” infants created “in the image of God.” Planned Parenthood has actually perfected the ancient worship of Chemosh and Molech as people would sacrifice their born children in exchange for blessings. Now young women allow draconian “doctors” to pry within the most sacred part of their body, the womb, which is the incubator for all beings made in the image of God. These savages then literally dismember the helpless unborn children

and proceed to sell their body parts. They do all of this on the “altar of self” with the consent of the mother for the sake of convenience.

This has nothing to do with women’s rights! That is simply a political distraction. Women have a right to have sexual relations or not. Once a child is conceived, her right to choose is over and her responsibility begins to guard and protect the child that is developing within her womb. No one has the right to murder a child, no matter where it is located or how far it has developed.

Let’s be honest and call it what it is. This is not a political issue, it is a spiritual battle. The abortion industry is a cult of death, cloaked within the veil of “healthcare” and it is about as sick and evil as it can get. I can think of no more depraved endeavor in history than that which has been perpetrated by Planned Parenthood. They prey upon uniformed, deceived and desperate young women in order to kill innocent and helpless unborn children.

Of course when you have a government that funds such a hellish organization and a President who praises it and asks the blessings of heaven upon it what can you expect. In an address to Planned Parenthood on April 26, 2013, President Barack Hussein Obama uttered the following statement: “Thank you, Planned Parenthood. God bless you.” This only reveals the decrepit condition of America, a nation that has essentially rejected the Creator and is hell bent on profaning His Commandments.

America can no longer hide behind the cloak of the “Christian Nation” mantra. America, as a nation, has rejected the Creator and chosen wickedness over righteousness. As a result, there is nothing left except for a certain expectation of judgment to befall this nation. It will likely exceed in magnitude the judgment experienced by any other nation in history. So great is the bloodguilt upon this nation that I shudder to think of the future that awaits it. God is a just God and He will not let the sins of this nation go unpunished. I dare say, except for the sin of the house of Yisrael under King Jeroboam, never have a people been so blessed by the Creator and never have a people turned their backs on Him in such a intentional, belligerent and arrogant fashion. As a result, the judgment will be apocalyptic.

It is time now for each individual to choose life or death, righteousness or lawlessness, good or evil. Your life and your future depend upon it.

Blessings to you all
